United Way, Inc.

Consolidated Audited Financial Statements

Year Ended June 30, 2012
With Independent Auditors’ Report
INDEPENDENT AUDITORS’ REPORT

The Board of Directors
United Way, Inc.

We have audited the accompanying consolidated statement of financial position of United Way, Inc. as of June 30, 2012, and the related consolidated statements of activities, cash flows and of functional expenses for the year then ended. These financial statements are the responsibility of the Organization’s management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from the Organization’s 2011 financial statements and, in our report dated September 30, 2011, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of United Way, Inc. as of June 30, 2012, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Portland, Maine
September 26, 2012

Limited Liability Company

1. **Description of Organization and Summary of Significant Accounting Policies**

**Organization and Operations**

United Way, Inc. (the Organization) improves people's lives by mobilizing the caring power of our communities. With financial, volunteer and in-kind support, United Way works with community partners to address the most pressing health and human service issues in Greater Portland.

The Organization is the sole member of 211 Maine, Inc., a Maine nonprofit corporation (211 Maine). 211 Maine was established to offer comprehensive health and human services information and referral services for the State of Maine. The accompanying consolidated financial statements include the accounts of United Way, Inc. and 211 Maine, Inc. All intercompany balances and transactions have been eliminated in consolidation.

Annual United Way campaigns are conducted in the fall of each year. Undesignated campaign contributions are used to support local health and human service programs of partner agencies, to support other community programs and initiatives, to make grants in support of education, financial stability, health, and diversity and inclusion strategies, and to pay the Organization’s operating expenses. Donors may designate their pledges among several care programs. Specific care donors designate their pledges to a partner agency, a non-partner agency that provides health and human services within the State of Maine, or another out-of-area United Way.

Annual fall campaigns are reduced by pledges that are designated to other organizations, and by a provision for uncollectible pledges. The resulting net pledges are reflected as temporarily restricted until released from restriction and expended. Approximately one half of the prior and current years' campaign results are released from restrictions in the current year’s statement of activities. The balance of the current year’s net pledges is included in temporarily restricted net assets at year-end. Specific Care donations, net of an administrative fee and provisions for uncollectible pledges, have been recorded as designations payable in the statement of financial position and have not been recorded as revenue or expense in the statement of activities.

In 1997, the Organization’s Board of Directors established the United Way Foundation of Greater Portland (the Foundation), an initiative within the Organization that was established to institute a planned giving/major gifts program. Through the Foundation, donors can utilize various planned giving vehicles including: bequests, charitable remainder trusts, pooled life income funds, gifts of securities, real estate, or life insurance to support the Organization’s mission. Contributions to the Foundation are assets of the Organization. Endowment assets are managed by the Foundation’s Gift Acceptance and Investment Committee in accordance with an Investment Policy approved by the Foundation’s Board of Trustees. See note 3.

Annually through fiscal 2011, the Organization received grants from the Libra Foundation (Libra) to provide children in Portland, Maine the opportunity to attend local summer camps (“Summer Champs” Program). The activity of this program was included in grant revenue and community impact expenses in the Statement of Activities. Libra discontinued the program in fiscal 2011. Such grants totaled approximately $526,000 in fiscal 2011.
1. **Description of Organization and Summary of Significant Accounting Policies (Continued)**

The Organization also undertakes other specific initiatives periodically based on community needs (see note 6).

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The most significant area that is affected by the use of estimates is the allowance for uncollectible pledges.

**Cash and Cash Equivalents**

Cash and cash equivalents include certain investments in highly liquid debt securities with original maturities of three months or less when purchased, excluding investments held in trust. At June 30, 2012 and 2011, the Organization has cash and cash equivalents of approximately $5,741,000 and $5,937,000, respectively, in various accounts of one financial institution. The cash is swept daily into collateralized repurchase agreements.

**Investments**

Investments in equity securities with readily determinable fair values and all investments in debt securities are recorded at fair value based on quoted market prices in the statement of financial position.

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect investment balances and the amounts reported in the consolidated statement of financial position.

**Equipment**

Equipment is carried at cost or, if acquired by gift, at appraised value at date of gift. Depreciation and amortization is provided over the estimated useful lives of the respective assets using the straight-line method.

Contributed property and equipment is recorded at fair value at the date of donation. If donors stipulate how long the assets must be used for a specific purpose, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as unrestricted support.
1. Description of Organization and Summary of Significant Accounting Policies (Continued)

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those assets whose use by the Organization has been limited by donors to a specific time period or purpose. Such net assets may also include unexpended investment gains related to permanently restricted net assets, in accordance with Maine law. Permanently restricted net assets have been restricted by donors to be maintained by the Organization in perpetuity. The Board of Directors has interpreted State of Maine law as requiring the preservation of the original fair value of the gift absent donor stipulations to the contrary.

The Uniform Prudent Management of Institutional Funds Act (UPMIFA) of the State of Maine requires appreciation on investments of permanently restricted funds, unless the donor has otherwise indicated in the gift instrument, be considered a donor restricted asset until appropriated by the Organization’s Board.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of activities as net assets released from restrictions. The Organization also follows this reporting practice for donor-restricted gifts whose restrictions are met in the same reporting period.

Grant and Contract Revenue

Expenditure-driven grant revenue is recognized in the period expenditures are incurred in connection with the grant. Other grant and contract revenue is recognized as earned under the terms of the grant and contract agreements.

Functional Expenses

Expenses are allocated to both programs and support services. Salaries and wages are allocated based on estimates of time spent by members of the staff. Expenses that are not directly attributable to one category are allocated based on full-time equivalents.

Reclassifications

Certain 2011 information has been reclassified to conform to 2012 presentation.

Subsequent Events

Events occurring after the statement of financial position date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through September 26, 2012, the date the accompanying consolidated financial statements were available to be issued.
2. **Pledges Receivable**

The Organization serves and conducts its annual campaign in the Greater Portland, Maine region. The ability and willingness of individuals and corporations to honor their pledges is generally dependent on current economic conditions within the geographic area. The Organization estimates the allowance for uncollectible pledges using historical loss factors and current economic conditions. All pledges receivable are due in one year.

As of June 30, 2012 and 2011, the balance of pledges receivable, less allowance for uncollectible pledges by campaign year is as follows:

<table>

</tbody>
</table>

The Organization processes campaign pledges for other organizations outside the local service area as described in note 1. Such Specific Care pledges are included in pledges receivable and designations payable in the accompanying consolidated statement of financial position.
3. **Investments**

The long-term investments are governed by an investment policy and endowment spending policy as approved periodically by the Organization’s Board of Directors. The investment policies include guidance on investment objectives, asset allocation, investment quality and diversification, and performance measurement and reporting. Such policies attempt to provide a predictable stream of funding to programs supported by the endowment while seeking to maintain the purchasing power of the endowment assets. The portfolio is invested in a manner that is intended to generate annual returns of the Consumer Price Index increase plus 5%, net of expenses, while assuming a moderate level of risk. The Board uses outside professionals to manage its investment portfolio. The endowment spending policy specifies a range of 3% to 5% of invested funds annually. Such spending totaled $240,000 and $178,000 in fiscal 2012 and 2011, respectively.

A summary of investments at June 30, 2012 and 2011 are as follows:

<table>

3. **Investments (Continued)**

At June 30, 2012, unrealized losses consist of three mutual funds, two U.S. Treasury notes and twenty-two equity securities, six of which have had continuous losses for more than one year.

In evaluating whether the investments have suffered an other-than-temporary decline, management evaluated the amount of the decline compared to cost, the underlying creditworthiness of the issuer, the fair values exhibited during the year and the estimated future fair values. In general, management believes the declines at June 30, 2012 within the marketable equity securities and mutual funds are due to temporary market fluctuations, and declines in U.S. Treasury notes and obligations of government agencies are caused by fluctuations in interest rates. Based on evaluations of the underlying issuers’ financial condition, current trends and economic conditions, and the Organization’s ability and intent to hold such securities to recovery, management does not believe any securities have an other-than-temporary decline in value.

4. **Loans and Advances to Agencies**

The Organization had loans receivable from various agencies. Such loans had various terms and interest rates (ranging from 0% to 5%). At June 30, 2012, all outstanding principal amounts were paid in full.

5. **Beneficial Interest in Perpetual Trust**

The Organization is the income beneficiary of an irrevocable perpetual trust. These funds are held and controlled by Bank of America, as trustee. The Organization is entitled to 85% of the income from the trust. The Organization has recorded an asset in its statement of financial position at 85% of the fair value of trust assets. At June 30, 2012 and 2011, the Organization’s beneficial interest in perpetual trust is $1,129,897 and $1,228,308, respectively.

6. **Net Assets**

Unrestricted net assets at June 30, 2012 and 2011 are as follows:

<table>
<thead>
<tr>
<th></th>
<th>2012</th>
<th>2011</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undesignated</td>
<td>$3,578,313</td>

<td>3,587,515</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$7,017,266</strong></td>
<td><strong>$6,871,223</strong></td>
</tr>
</tbody>
</table>
6. **Net Assets (Continued)**

Undesignated net assets are unrestricted and available for programs and support services of the Organization. The Board of Directors has designated unrestricted net assets for long-term purposes labeled above as endowment. The income earned on these investments will be used for charitable purposes including initiatives.

Temporarily restricted net assets are available for the following purposes at June 30, 2012 and 2011:

<table>
<thead>
<tr>
<th>Purpose</th>
<th>2012</th>
<th>2011</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
</tbody>
</table>

Other agency relationships:

The Preble Street Self-Sufficiency Fund is an agency relationship and is reflected as both an asset (included in investments) and liability in the statement of financial position. The fund totaled $125,630 at June 30, 2012 and $134,315 at June 30, 2011.

7. **Employee Benefits**

The Organization has established a Tax Deferred Annuity Plan in accordance with Section 403(b) of the Internal Revenue Code (the Code), which covers all employees. Employees may elect to defer a portion of their compensation of which a certain percent (6% in 2012 and 2011) determined annually by the Board is matched dollar for dollar by the Organization. In addition, the Plan provides for discretionary contributions by the Organization. The amounts deferred by the employee vest immediately and the Organization’s contributions vest over a four year period. The Organization’s contribution to the Plan in 2012 and 2011 was $37,412 and $54,931, respectively.
8. **Calculation of Operating Expense Ratio**

</tr>
</tbody>
</table>

The calculation of the operating expense ratio is in accordance with United Way of America’s Functional Expense and Overhead Reporting Standards for United Ways.

9. **Leases**

In fiscal 2010, the Organization entered into a new lease agreement for office space that commenced in fiscal 2011. The agreement carries an initial ten-year term and two five-year options. The monthly base rental amount is $15,817, and will increase annually based on the consumer price index with a 2% annual cap. Total rent expense under the current and prior leases amounted to $195,031 and $154,045 for the years ended June 30, 2012 and 2011, respectively.

A summary of noncancelable future minimum rental payments are as follows:

<table>

$1,581,312
10. **Income Taxes**

The Organization is a not-for-profit corporation as described in Section 501(c)(3) of the Code and as such is exempt from federal and state income taxes.

Management has evaluated the Organization’s tax positions and concluded that the Organization has maintained its tax-exempt status, does not have any significant unrelated business income and has taken no uncertain tax positions that require adjustment to the consolidated financial statements. With few exceptions, the Organization is no longer subject to income tax examinations by the U.S. Federal or State tax authorities for years before 2008.

11. **Volunteer Services**

A substantial number of volunteers have donated their time to the Organization. The volunteers provide various nonspecialized services to the Organization, none of which have been recognized as revenue or expense in the statement of activities.

12. **Commitments**

The Organization has an agreement with The Opportunity Alliance (formerly Youth Alternatives Ingraham), a nonprofit corporation, through June 30, 2012 with renewal terms under review. The Opportunity Alliance provides call center services and other administrative services for 211 Maine. Expenses for these services totaled $1,099,229 and $1,137,067 in fiscal 2012 and 2011, respectively. At June 30, 2012 and 2011, 211 Maine had a payable to The Opportunity Alliance of $100,437 and $95,389, respectively.

13. **Financial Instruments**

The Organization’s financial instruments consist of cash and cash equivalents, investments, receivables, and payables. The fair values of the financial instruments approximate their carrying values in the accompanying statement of financial position at June 30, 2012 and 2011.
13. **Financial Instruments (Continued)**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Organization uses various methods including market, income and cost approaches. Based on these approaches, the Organization often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable inputs. The Organization utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Organization is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- **Level 1** – Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

- **Level 2** – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

- **Level 3** – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.
13. **Financial Instruments (Continued)**

The tables below present the balances of assets and liabilities measured at fair value on a recurring basis at June 30, 2012 and 2011:
